

Norland Presents
Hinged Box with Lauch Harrison
Saturday March 1, 2025 @ 10 am – 4 pm
at the Norland Library 3448 Monck Rd
\$15 for workshop & \$25 for materials

Outline

We will use 5/6oz Veg Leather to construct an interlocking hinged top that will cover a small leather box. Alcohol Dyes will be used to colour the veg tan leather: block dye & saturation will be used. The Hinged Box design was created by David Trotter and perfected by David McPherson FCSCl, this iteration is a combination of what I could remember and what I reinvented to for the Hinged Box Project.

The box will have rounded corners

Materials Cost \$25 what's Supplied
